

Importance of Foods

Kitchen Safety

Name _____

Sec. _____ Date _____

Safety Poster

1. Select a safety guideline from the teacher.
2. Brainstorm ideas of how to illustrate this safety guideline.
3. Do the preliminary design and get approval from your teacher before proceeding with the poster.

Criteria for Poster

- 1). Illustrates the concept appropriately
- 2). Main focus is on prevention (Show what the person should do rather than what you don't want the person to do)
- 3). Easy to see, read & easily gets the point across
- 4). Has a catchy creative slogan
- 5). Poster is neat and creative

Preliminary Design Sketch

Approval of design by teacher _____

4. Get poster paper (after your design has been approved by teacher). Put name and tape or glue the safety guideline you are illustrating on the back.
5. Finish Poster.
6. Share Poster with the class. Tell what the safety guideline is and why it is important to practice this guideline.

"This is my guideline - _____
It is important to practice this guideline because"

7. Turn in this sheet with Poster!
